Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, CI Staff

DATE: 22 APR 1958

ATTN: ☐

FROM : Chief, Contact Division, OO

SUBJECT: OO/C Case 26975 - Proposed New Emigre Organization in New York

1. According to a contact of this office, former military leaders of areas now occupied by the Soviet Union are currently planning to form an organization which will work toward deliverance of these areas from Soviet control and to eventual formation of a federated political unit. These military figures have had several discussions about the proposed federation, and on 24 April are scheduled to meet in New York City to draw up some type of constitution or paper in which they will state their aims and set up rules of operation. The proposed organization is composed of representatives from the Ukraine, Poland, Byelorussia, Cossackia, Czechoslovakia, Georgia, Hungary, Rumania and Tataria. The unit does not plan to develop into a political hodgepodge and will strive to remain free of emigre politics and politicians. Among this group only the Cossacks under Vasily Glaskov have a going organization.

2. Our contact representative comments that this outfit seems to be a typical emigre unit and is political in its approach. However, it does have an inner circle, which operates somewhat as an intelligence arm. This, too, is controlled by Glaskov. The proposed organization supposedly has no intention of seeking close association or monetary support from the United States or any other government. They want to approach their goal of federation unhindered by outside influences. Eventually, however, they would like to make their views known to the United States, and in fact have them submitted to our Government for its consideration.

3. The following individuals are to be the charter members or guiding forces behind the cooperative movement which is to be formed on 24 April. All, with the exception of those residing overseas, plan to be at the New York Meeting.
